22 years, just seems like yesterday! Can you relate to that statement? We appreciate all the help and support it takes to remain a vital part of our engineering community! According to [PTC](#) and [PTCUser](#), we remain one of the top 3 for RUG's (Regional User Group) in the country. Our Fall 2012 meeting was hosted by Keithley Instruments and held at Solon Community Center. The theme was Piping & Routed systems design using Creo 2.0. Our PTC keynote speaker was Bill Schlund.

NOPUG OFFICERS
