

Your product code is *required* to operate Mathcad. Please retain this insert for future reference.

***[insert product sticker here]***

Here's how to install your software and request your license key:

1. Have ready your:
  - a. **Product code** above.
  - b. **PTC web account login.** If you have not yet created your Basic Account, please visit [www.ptc.com](http://www.ptc.com) and click on "My Account" and then "Create a Basic Web Account".
  - c. Ensure that you are connected to the Internet before starting the installation process. Obtaining a license file using this process *requires* a connection to the Internet. If you cannot connect to the Internet for the installation, please visit the following link from another Internet-connected computer: [http://www.ptc.com/appserver/cs/mathcad\\_logger/options.jsp](http://www.ptc.com/appserver/cs/mathcad_logger/options.jsp)
2. Install Mathcad:
  - a. Insert the Mathcad CD into your CD ROM drive. If the installation program does not start automatically, you can start it manually by choosing 'Run...' from the Start menu, and typing **D:\SETUP** (where "D:" is your CD-ROM drive). Or, browse to the Mathcad installation files on your network.
  - b. After reading and accepting the software license agreement, select 'Mathcad' as the product to be installed. On the following screen, select 'Acquire a new license'. Follow the remaining on-screen instructions.
3. When the "Mathcad License Setup" screen appears, select "I want to acquire a license via the Internet" and click Next.
4. Select Educational – Student, enter the product code from above and then click Next.
5. The Create Account screen appears. If you already have your PTC Basic Account from step 1b above, click Next. If you still need an account, click Create Account.
6. Enter your PTC Basic Account login information and click Next.
  - a. The next step contacts the PTC.com license management servers to obtain the license file. This step may take several minutes, depending on the speed of your internet connection. Do not cancel this step, power off your PC, or disconnect from the Internet during this process. Please be patient – this can take up to three minutes.
7. Once complete, you will receive a message that says 'Selected license file has been installed and Mathcad licensing has been configured to use it.' Click Finish, and the installation will continue. Follow the remaining instructions on the screen.

For technical help relating to the installation and licensing of Mathcad Student Edition, visit [http://www.ptc.com/appserver/cs/mathcad\\_logger/options.jsp](http://www.ptc.com/appserver/cs/mathcad_logger/options.jsp).

To rerun the Mathcad License Setup at any time, open a command prompt (*usually Start >> Run... >>cmd*) and type "**c:\Program Files\Mathcad\Mathcad 15\mathcad.exe**" /license (make sure to include the quotes and all spaces).
