Title Message: 'ORA-04068: existing state of packages has been discarded ORA-04063: package body "WCUSER2.EPMWORKSPACEPK" has errors', is Received During Migration of AsStored Configuration. How to Recompile Invalid Packages?

Details **Additional Information**

Description

select object_name
 Message: 'ORA-04068: existing state of packages has been discarded ORA-04063: package body "WCUSER2.EPMWORKSPACEPK" has errors', is Received During Migration of AsStored Configuration.

Alternate Technique

Login to PDMLink database as user "system", identify and recompile all the invalid packages:

```
DOS> sqlplus system/manager
```

```
SQL> select object_name from dba_objects where status='INVALID';
```

```
SQL >alter package owner.package_name compile body; (use this for object_type=Package body)
```

```
SQL>alter view owner.view_name compile; (use this for object_type=View)
```

```
SQL>alter package owner.package_name compile; (use this for object_type= Package)
```

```
SQL> exit
```

Resolution

This issue will be resolved in a future release of Data Migrator.

Affected Products

Product	Windchill Foundation & PDM
Module	EPM Foundation

Reported Release	GS-02
Reported Datecode	F000
Resolved Release	8.0
Resolved Datecode	Not Available
Affected Client	All
Affected Server	All
