

Google Home

Personal Home Assistant

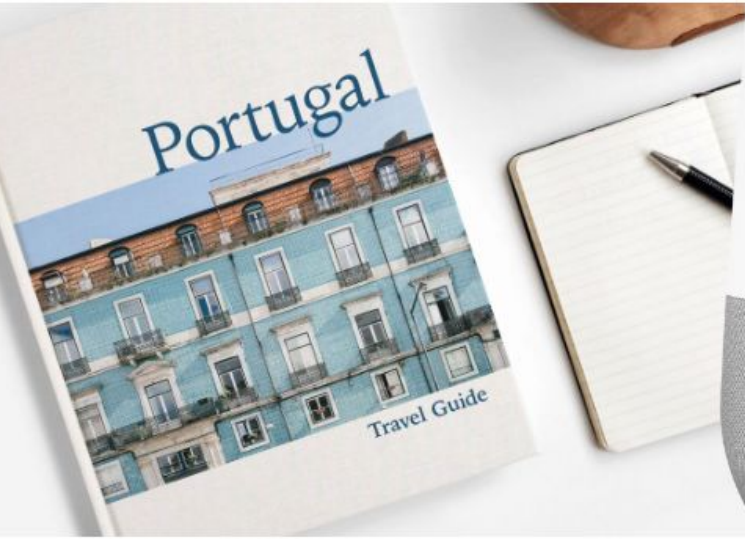

What is it?

Google Home is a voice-activated speaker powered by the Google Assistant. Ask it questions. Tell it to do things. It's your own Google, always ready to help

Ask it anything, and you'll get an answer

Ok Google, how do you say "I'm allergic to shrimp" in Portuguese?

Sou alérgica a camarão

Far-field voice recognition.

Far-field microphones and industry-leading natural language processing ensure Google Home hears you reliably.

Multi-room capability.

Multiple Google Home devices can be grouped together to enjoy the same song in every room.

Customizable bases.

Optional base accessories allow you to customize Google Home with a simple twist and pull.

Touch controls.

The top touch surface gives you total control, and a mute button lets you put Google Home's microphones on standby.

Hi-Fi speaker.

An integrated high-excursion speaker delivers crystal-clear highs and rich bass.
