User and training guides and related documentation from PTC Inc. and its subsidiary companies (collectively "PTC") are subject to the copyright laws of the United States and other countries and are provided under a license agreement that restricts copying, disclosure, and use of such documentation. PTC hereby grants to the licensed software user the right to make copies in printed form of this documentation if provided on software media, but only for internal/personal use and in accordance with the license agreement under which the applicable software is licensed. Any copy made shall include the PTC copyright notice and any other proprietary notice provided by PTC. Training materials may not be copied without the express written consent of PTC. This documentation may not be disclosed, transferred, modified, or reduced to any form, including electronic media, or transmitted or made publicly available by any means without the prior written consent of PTC and no authorization is granted to make copies for such purposes. Information described herein is furnished for general information only, is subject to change without notice, and should not be construed as a warranty or commitment by PTC. PTC assumes no responsibility or liability for any errors or inaccuracies that may appear in this document.

The software described in this document is provided under written license agreement, contains valuable trade secrets and proprietary information, and is protected by the copyright laws of the United States and other countries. It may not be copied or distributed in any form or medium, disclosed to third parties, or used in any manner not provided for in the software licenses agreement except with written prior approval from PTC.

UNAUTHORIZED USE OF SOFTWARE OR ITS DOCUMENTATION CAN RESULT IN CIVIL DAMAGES AND CRIMINAL PROSECUTION.

PTC regards software piracy as the crime it is, and we view offenders accordingly. We do not tolerate the piracy of PTC software products, and we pursue (both civilly and criminally) those who do so using all legal means available, including public and private surveillance resources. As part of these efforts, PTC uses data monitoring and scouring technologies to obtain and transmit data on users of illegal copies of our software. This data collection is not performed on users of legally licensed software from PTC and its authorized distributors. If you are using an illegal copy of our software and do not consent to the collection and transmission of such data (including to the United States), cease using the illegal version, and contact PTC to obtain a legally licensed copy.

Important Copyright, Trademark, Patent, and Licensing Information: See the About Box, or copyright notice, of your PTC software.

UNITED STATES GOVERNMENT RIGHTS

PTC software products and software documentation are "commercial items" as that term is defined at 48 C.F.R. 2.101. Pursuant to Federal Acquisition Regulation (FAR) 12.212 (a)-(b) (Computer Software) (MAY 2014) for civilian agencies or the Defense Federal Acquisition Regulation Supplement (DFARS) at 227.7202-1(a) (Policy) and 227.7202-3 (a) (Rights in commercial computer software or commercial computer software documentation) (FEB 2014) for the Department of Defense, PTC software products and software documentation are provided to the U.S. Government under the PTC commercial license agreement. Use, duplication or disclosure by the U.S. Government is subject solely to the terms and conditions set forth in the applicable PTC software license agreement.

About This Guide

This release contains several fixes for issues identified by and with the help of Servigistics Arbortext users. This guide lists those fixes for reference purposes. Fixes are categorized by general product area and are ordered by Software Performance Report (SPR) number. Descriptions typically apply to the specific reported issue.

Related Documentation

You can access online help from the **Help** menu in Servigistics Arbortext Editor, Servigistics Arbortext Styler or Arbortext Publishing Engine. The Help Center contains HTML and some PDF information and is accessed from the **Help ► Help Center** menu option.

You can find PDFs of information, including release notes to accompany this release, in the Product Documentation area of support.ptc.com. Choose the Arbortext tab to access the Arbortext Reference Documentation link.

Technical Support

To contact PTC Technical Support, use the Contact Support and Customer Support Guide links on support.ptc.com

The PTC Support pages also provide a search facility for you to browse for knowledge articles, best practices, and other information.

You must have a Service Contract Number (SCN) before you can receive technical support. If you do not have an SCN, contact PTC Technical Support or Customer Care Departments using the contact instructions found in your Customer Support Guide.

Documentation for PTC Products

You can access PTC product documentation using the following resources:

- Online Help

Click **Help** from the user interface for online help available for the product.

- Reference Documentation

PDFs of reference information are available from the Product Documentation area of support.ptc.com

Select the Arbortext tab to access the Arbortext Reference Documentation link.

- Help Center

Help Centers for the most recent product releases are available from the Product Documentation area of support.ptc.com.

Select the Arbortext tab to access the Help Centers link.

You must have a Service Contract Number (SCN) before you can access the Arbortext Reference Documentation or Help Centers links. If you do not have an SCN, contact PTC Technical Support or Customer Care Departments using the contact instructions found in your Customer Support Guide.

Global Services

PTC Global Services delivers the highest quality, most efficient and most comprehensive deployments of the PTC Product Development System including Creo, Windchill, Servigistics Arbortext, and PTC Mathcad. PTC's Implementation and Expansion solutions integrate the process consulting, technology implementation, education and value management activities customers need to be successful. Customers are led through Solution Design, Solution Development and Solution Deployment phases with the continuous driving objective of maximizing value from their investment.

Contact your PTC sales representative for more information on Global Services.

Comments

PTC welcomes your suggestions and comments on our documentation. You can submit your feedback to the following email address:

arbortext-documentation@ptc.com

Please include the following information in your email:

- Name
- Company

-
- Product
 - Product Release
 - Document or Online Help Topic Title
 - Level of Expertise in the Product (Beginning, Intermediate, Advanced)
 - Comments (including page numbers where applicable)

Documentation Conventions

This guide uses the following notational conventions:

- **Bold text** represents exact text that appears in the program's user interface. This includes items such as button text, menu selections, and dialog box elements. For example,
Click **OK** to begin the operation.
- A right arrow represents successive menu selections. For example,
Choose **File ▶ Print** to print the document.
- Monospaced text represents code, command names, file paths, or other text that you would type exactly as described. For example,
At the command line, type `version` to display version information.
- *Italicized monospaced text* represents variable text that you would type. For example,
`installation-dir\custom\scripts\`
- *Italicized text* represents a reference to other published material. For example,
If you are new to the product, refer to the *Getting Started Guide* for basic interface information.

1

Servigistics Arbortext Editor Fixes

SPR	Fix Description
4463784	The embedded Creo View 3.0 M031 client session crashes when launched from an Arbortext HTML document
6396741	Using right click to copy certain elements causes a segmentation fault error in Servigistics Arbortext Editor 7.0
6413110	When editing a document the cursor jumps back to the previous element when using Quick Insert.
6630264	Completeness errors are not displayed even though the document contains them.
6631874	The 'Technical Information Application' does not show the 'Topic' type in the Resource Manager window
7077061	Crash occurs when using the shortcut menu

2

Fixes to Publishing

SPR	Fix Description
4831679	Conditions are not working in nested <code>_ufe</code>
4907326	A document that contains <code>saimpletable</code> , an error occurs at the time of publishing is set to hide the <code>saimpletable</code> in the stylesheet.
4986219	Page 1 <code>tbrbal</code> balance overflowed with <code>LONGMAX [1302]</code> error when composing with APP.
6745350	If two graphics have certain names in generated text, the first graphic is displayed twice instead of the two individual graphics
6784463	After composing EPS to PDF in Servigistics Arbortext Editor or Servigistics Arbortext Publishing Engine, the font embedded into EPS file is missed in output PDF file
6831534	Khmer language - content surrounded by open and closed parens <code>()</code> not breaking in Servigistics Arbortext Advanced Print Publisher
6839580	Some EPS files composed to PDF will output with a red background
6942650	Some EPS files which are embedded as graphic can not be displayed in Servigistics Arbortext Editor, publishing to PDF will get no visibility of EPS part
6989493	Table of contents are showing up in Edit view, but do not appear in a preview or in PDF

SPR	Fix Description
6998249	Occasionally the table of contents for a document is out of order when publishing. Content is not changed, just the placement order of entries in the TOC. Replication of the issue is difficult. PDF looks as expected when TOC is not out of order.
7031963	Some EPS files which are embedded as graphic will get black background after composing to PDF using Servigistics Arbortext Publishing Engine

3
